NOTICE

How to adapt these standard guidelines for grant applicants:

Where you see < ... >, enter the information relevant to the call for proposals in question.

The phrases in square brackets [] should only be included if appropriate, while the paragraphs shaded in grey should only be amended in exceptional cases, dictated by the requirements of a specific call for proposals.

Any other part of these standard instructions should not be modified, unless derogation has been granted by the relevant service. Please remember to delete this paragraph, any other text with yellow highlighting and all square brackets in the final version.

This is a restricted call for proposals. In the first instance, only concept notes (Annex A.1) must be submitted for evaluation. Thereafter, lead applicants who have been pre-selected will be invited to submit a full application. After the evaluation of the full applications, an eligibility check will be performed for those which have been provisionally selected. Eligibility will be checked on the basis of the supporting documents requested by the Contracting Authority and the signed 'declaration by the lead applicant' sent together with the full application.

Online submission via PROSPECT

To apply to this call for proposals organisations must use the new electronic system (PROSPECT) developed by EuropeAid to facilitate the submission of applications (see section 2.2.2 of the guidelines). The aim of PROSPECT is to increase the efficiency of the management of the call for proposals and to offer a better service to civil society organisations through a new panel of functionalities such as the on-line submission and the possibility to follow up online the status of their application.

[Preparation: Information session <date, place> and user manuals

To help applicants familiarise themselves with the system before the online submission, an information session will be organised on <date, place>.

Should you be interested in this session, please send an email by <date> to <email address>, indicating: name, surname, nationality and email address of the persons who are going to participate as well as their organisation (max. two participants per organisation). No costs incurred by the applicants for attending this information session are reimbursable.]

All organisations can find the PROSPECT users' manual on the EuropeAid website. You may also contact our technical support team via the online support form in PROSPECT⁴.

⁴ If PROSPECT is unavailable, the IT support can also be reached via email: EuropeAid-IT-support@ec.europa.eu

1 «\$CALL.TITLE»

1.1 BACKGROUND

Enter description of the historical background of the programme. Maximum length: ½ page.

1.2 OBJECTIVES OF THE PROGRAMME AND PRIORITY ISSUES

Enter description of the objectives and priorities of the programme covered by this call for proposals. Note: the number of priorities should be small (say, three); objectives and priorities should give an indication as to which kind of activities one would have to propose in order to be eligible.

The **global objective** of this call for proposals is: <...>

The **specific objective (s)** of this call for proposals is/are: <...>

1.3 FINANCIAL ALLOCATION PROVIDED BY THE CONTRACTING AUTHORITY

The overall indicative amount made available under this call for proposals is EUR <...>. The Contracting Authority reserves the right not to award all available funds.

[In the case of lots: Indicative allocation of funds by lot/geographical distribution:

If the allocation indicated for a specific lot cannot be used due to insufficient quality or number of proposals received, the Contracting Authority reserves the right to reallocate the remaining funds to another lot.]

Size of grants

Any grant requested under this call for proposals must fall between the following [minimum and] maximum amounts:

- [minimum amount: EUR <amount>]
- maximum amount: EUR <amount>

Any grant requested under this call for proposals must fall between the following [minimum and] maximum percentages of total eligible costs of the action:

- [Minimum percentage: <percentage> % of the total eligible costs of the action.]
- Maximum percentage :<...percentage of the total eligible costs of the action> % of the total eligible costs of the action (see also section 2.1.5).

To be added in case of accepted costs:

- [Any grant requested under this call for proposals must further be limited to <percentage to ensure the co-financing, note that this percentage must be lower than the one fixed referring to

total eligible costs > % of the estimated total accepted costs⁵. In case that the total accepted costs are equal to the total eligible costs, the percentage applicable to the total accepted costs applies to the total eligible costs to ensure the required co-financing.

Wherever in the call for proposals a reference to the percentage of eligible costs is made, the further limitation to the percentage applicable to the total accepted costs will apply. As a reminder, before sending your proposal please check that the requested contribution is equal to or less than the maximum percentage of the estimated total accepted costs allowed.]

The balance (i.e. the difference between the total cost of the action and the amount requested from the Contracting Authority) must be financed from sources other than the European Union Budget or the European Development Fund⁶.

If applicable (see section 6.3.9. of the Practical Guide): [The grant may cover the entire eligible costs of the action if this is deemed essential to carry it out. If that is the case, the lead applicant must justify full financing in Annex A.2. section 2.1.]

[5 Estimated total accepted costs = estimated total eligible costs + in kind contributions, non-eligible taxes, etc.]

6 Where a grant is financed by the European Development Fund, any mention of European Union financing must be understood as referring to European Development Fund financing.

2 RULES FOR THIS CALL FOR PROPOSALS

These guidelines set out the rules for the submission, selection and implementation of the actions financed under this call, in conformity with the Practical Guide, which is applicable to the present call (available at <http://ec.europa.eu/europeaid/prag/document.do?locale=en>)⁷.

2.1 ELIGIBILITY CRITERIA

There are three sets of eligibility criteria, relating to:

(1) the actors:

- The **lead applicant**, i.e. the entity submitting the application form (2.1.1),
- if any, its **co-applicant(s)** (where it is not specified otherwise the lead applicant and its co-applicant(s) are hereinafter jointly referred as "applicant(s)") (2.1.1),
- and, if any, **affiliated entity(ies)** to the lead applicant and/or to a co-applicant(s). (2.1.2);

(2) the actions:

- Actions for which a grant may be awarded (2.1.4);

(3) the costs:

- types of cost that may be taken into account in setting the amount of the grant (2.1.5).

2.1.1 Eligibility of applicants (i.e. lead applicant and co-applicant(s))

Lead applicant

(1) In order to be eligible for a grant, the lead applicant must:

Indicate the relevant criteria with due regard for the objectives and priorities of this call for proposals, complying with the principles of transparency and non-discrimination.

- [be a legal person [or an entity without legal personality⁸] [or a natural person] **and**]

⁷ Note that a lead applicant (i.e. a Coordinator) whose pillars have been positively assessed by the European Commission and who is awarded a grant will not sign the standard grant contract published with these guidelines but a PA Grant Agreement based on the PAGoDA template. All references in these guidelines and other documents related to this call to the standard grant contract shall in this case be understood as referring to the relevant provisions of the PAGoDA template.

⁸ **Subject to the prior approval by the relevant services of the European Commission:** [Grant applications may be eligible if submitted by entities which do not have legal personality under the applicable national law, on the condition that the representatives of that applicant can prove that they have the capacity to undertake legal obligations on behalf of the applicant, and that they offer financial and operational guarantees equivalent to those provided by legal persons.]

- [be non-profit-making **and**]
- [be a specific type of organisation such as: non-governmental organisation, public sector operator, local authority, international (inter-governmental) organisation as defined by Article 43 of the Rules of application of the EU Financial Regulation⁹. **and**] if international organisations are eligible remember to publish Annex E3h11 containing derogations **to include in the Special Conditions, if the lead applicant is an international organisation whose pillars have not been positively assessed or if one of the co-applicants is an international organisation (regardless of whether its pillars have been positively assessed or not)**
- be established in¹⁰ a Member State of the European Union or **<specify other eligible countries as stipulated in the basic act/CIR>**. [This obligation does not apply to international organisations **and**]
- be directly responsible for the preparation and management of the action with the co-applicant(s) and affiliated entity(ies), not acting as an intermediary **[and]**
- [**<other eligibility criteria as appropriate (these criteria should be criteria that can be measured)>**].

[In addition to the categories referred to in section 2.1.1, the following are however also eligible: **<** **>**].

- (2) Potential applicants may not participate in calls for proposals or be awarded grants if they are in any of the situations listed in section 2.3.3 of the Practical Guide;

In Annex A.2, section 5 ('declaration by the lead applicant'), the lead applicant must declare that the lead applicant himself, the co-applicant(s) and affiliated entity(ies) are not in any of these situations.

The lead applicant [may act individually or with co-applicant(s)] **or, if co-applicants are obligatory under the action: [must act with co-applicant(s) as specified hereafter]**.

If awarded the grant contract, the lead applicant will become the beneficiary identified as the Coordinator in Annex E3h1 (Special Conditions). The Coordinator is the main interlocutor of the Contracting Authority. It represents and acts on behalf of any other co-beneficiary (if any) and coordinate the design and implementation of the action.

[Co-applicant(s)]

9 [International organisations are international public-sector organisations set up by intergovernmental agreements as well as specialised agencies set up by them; the International Committee of the Red Cross (ICRC) and the International Federation of National Red Cross and Red Crescent Societies are also recognised as international organisations.]

10 To be determined on the basis of the organisation's statutes that should demonstrate that it has been established by an instrument governed by the national law of the country concerned and that its head office is located in an eligible country. In this respect, any legal entity whose statutes have been established in another country cannot be considered an eligible local organisation, even if the statutes are registered locally or a 'Memorandum of Understanding' has been concluded.

Where co-applicants are obligatory, specify any minimum requirements for the type and/or the minimum/ maximum recommended number of co-applicants to be involved in the action]

Co-applicants participate in designing and implementing the action, and the costs they incur are eligible in the same way as those incurred by the lead applicant.

Co-applicants must satisfy the eligibility criteria as applicable to the lead applicant.

[In addition to the categories referred to in section 2.1.1, the following are however also eligible: < >].

Co-applicants must sign the mandate in Annex A.2., section 4.

If awarded the grant contract, the co-applicant(s)(if any) will become beneficiary(ies) in the action (together with the Coordinator).

2.1.2 Affiliated entities

[Affiliated entity(ies)]

The lead applicant and its co-applicant(s) may act with affiliated entity(ies)

Only the following entities may be considered as affiliated entities to the lead applicant and/or to co-applicant(s):

Only entities having a structural link with the applicants (i.e. the lead applicant or a co-applicant), in particular a legal or capital link.

This structural link encompasses mainly two notions:

- (i) Control, as defined in Directive 2013/34/EU on the annual financial statements, consolidated financial statements and related reports of certain types of undertakings:

Entities affiliated to applicant may hence be:

- Entities directly or indirectly controlled by an applicant (daughter companies or first-tier subsidiaries). They may also be entities controlled by an entity controlled by an applicant (granddaughter companies or second-tier subsidiaries) and the same applies to further tiers of control;
 - Entities directly or indirectly controlling the applicant (parent companies). Likewise, they may be entities controlling an entity controlling the applicant;
 - Entities under the same direct or indirect control as the applicant (sister companies).
- (ii) Membership, i.e. the applicant is legally defined as a e.g. network, federation, association in which the proposed affiliated entities also participate or the applicant participates in the same entity (e.g. network, federation, association) as the proposed affiliated entities.

The structural link shall as a general rule be neither limited to the action nor established for the sole purpose of its implementation. This means that the link would exist independently of the award of the grant; it should exist before the call for proposals and remain valid after the end of the action.

By way of exception, an entity may be considered as affiliated to an applicant even if it has a structural link specifically established for the sole purpose of the implementation of the action in the case of so-called "sole applicants" or "sole beneficiaries". A sole applicant or a sole beneficiary is a legal entity formed by several entities (a group of entities) which together comply with the criteria for being awarded the grant. For example, an association is formed by its members.

What is not an affiliated entity?

The following are not considered entities affiliated to an applicant:

- Entities that have entered into a (procurement) contract or subcontract with an applicant, act as concessionaires or delegates for public services for an applicant,
- Entities that receive financial support from an applicant,
- Entities that cooperate on a regular basis with an applicant on the basis of a memorandum of understanding or share some assets,
- Entities that have signed a consortium agreement under the grant contract (unless this consortium agreement leads to the creation of a "sole applicant" as described above).

How to verify the existence of the required link with an applicant?

The affiliation resulting from control may in particular be proved on the basis of the consolidated accounts of the group of entities the applicant and its proposed affiliates belong to.

The affiliation resulting from membership may in particular be proved on the basis of the statutes or equivalent act establishing the entity (network, federation, association) which the applicant constitutes or in which the applicant participates.

If the applicants are awarded a grant contract, their affiliated entity(ies) will not become beneficiary(ies) of the action and signatory(ies) of the grant contract. However, they will participate in the design and in the implementation of the action and the costs they incur (including those incurred for implementation contracts and financial support to third parties) may be accepted as eligible costs, provided they comply with all the relevant rules already applicable to the beneficiary(ies) under the grant contract.

Affiliated entity(ies) must satisfy the same eligibility criteria as the lead applicant and the co-applicant(s). They must sign the affiliated entity(ies) statement in Annex A.2., section 5.

[In addition to the categories referred to in section 2.1.1, the following are however also eligible: < >].

2.1.3 Associates and Contractors

The following entities are not applicants nor affiliated entities and do not have to sign the "mandate for co-applicant(s)" or "affiliated entities' statement":

- Associates

Other organisations may be involved in the action. Such associates play a real role in the action but may not receive funding from the grant, with the exception of per diem or travel costs. Associates do not have to meet the eligibility criteria referred to in section 2.1.1. Associates must be mentioned in Annex A.2., section 6 — ‘Associates participating in the action’.

- Contractors

The beneficiaries and their affiliated entities are permitted to award contracts. Associates or affiliated entity(ies) cannot be also contractors in the project. Contractors are subject to the procurement rules set out in Annex IV to the standard grant contract.

2.1.4 Eligible actions: actions for which an application may be made

Definition

An action is composed of a set of activities.

Duration

The initial planned duration of an action may not [be lower than <...> months nor] exceed <...> months.

Sectors or themes

<Specific sectors or themes to which the actions must relate>

Location

Actions must take place [in one or more of] the following [country(ies)],[region(s)]: <...>.

Types of action

<Types of action which may be financed under this call>

The following types of action are ineligible:

- actions concerned only or mainly with individual sponsorships for participation in workshops, seminars, conferences and congresses;
- actions concerned only or mainly with individual scholarships for studies or training courses;
- [...specify any others].

Types of activity

<Types of activity which may be financed under this call>

Financial support to third parties¹¹

¹¹ These third parties are neither affiliated entity(ies) nor associates nor contractors.

Applicants [may]/[may not] propose financial support to third parties.

[if financial support to third parties is allowed:

Applicants may propose financial support to third parties in order to help achieving the objectives of the action.

The maximum amount of financial support per third party is EUR < 60 000 (except where financial support to third parties is the main purpose of the action in which case no thresholds apply/ or a threshold below EUR 60 000 can be set if appropriate>.

Under this call, financial support to third parties <may/may not> be the main purpose of the action.

In compliance with the present guidelines and notably of any conditions or restrictions in this section, the lead applicant should define mandatorily in section 2.1.1 of the grant application form:

- (i) the objectives and results to be obtained with the financial support
- (ii) the different types of activities eligible for financial support, on the basis of a fixed list
- (iii) the types of persons or categories of persons which may receive financial support
- (iv) the criteria for selecting these entities and giving the financial support
- (v) the criteria for determining the exact amount of financial support for each third entity, and
- (vi) the maximum amount which may be given.

In all events, the mandatory conditions set above for giving financial support (points (i) to (vi)) have to be strictly defined in the grant contract as to avoid any exercise of discretion.

[if financial support to third parties is allowed and specific conditions or restrictions apply to this call for proposals:

< specify the definition of the persons or categories of persons eligible for financial support>

< specify the types of activity eligible for financial support>

<...>

Visibility

The applicants must take all necessary steps to publicise the fact that the European Union has financed or co-financed the action. As far as possible, actions that are wholly or partially funded by the European Union must incorporate information and communication activities designed to raise the awareness of specific or general audiences of the reasons for the action and the EU support for the action in the country or region concerned, as well as the results and the impact of this support.

Applicants must comply with the objectives and priorities and guarantee the visibility of the EU financing (see the Communication and Visibility Manual for EU external actions specified and published by the European Commission at https://ec.europa.eu/europeaid/communication-and-visibility-manual-eu-external-actions_en).

Number of applications and grants per applicants / affiliated entities

The lead applicant [may] [may not] submit more than <...> application(s) [per lot] under this call for proposals.

The lead applicant [may] [may not] be awarded more than <...> grant(s) [per lot] under this call for proposals.

The lead applicant [may] [may not] be a co-applicant or an affiliated entity in another application [of the same lot] at the same time.

A co-applicant/affiliated entity [may] [may not] submit more than <...> application(s) [per lot] under this call for proposals.

A co-applicant/affiliated entity [may] [may not] be awarded more than <...> grant(s) [per lot] under this call for proposals.

2.1.5 Eligibility of costs: costs that can be included

Only 'eligible costs' can be covered by a grant. The categories of costs that are eligible and non-eligible are indicated below. The budget is both a cost estimate and an overall ceiling for 'eligible costs'.

The reimbursement of eligible costs may be based on any or a combination of the following forms:

- actual costs incurred by the beneficiary(ies) and affiliated entity(ies)
- one or more simplified cost options.

Simplified cost options may take the form of:

- **unit costs:** covering all or certain specific categories of eligible costs which are clearly identified in advance by reference to an amount per unit.
- **lump sums:** covering in global terms all or certain specific categories of eligible costs which are clearly identified in advance.
- **flat-rate financing:** covering specific categories of eligible costs which are clearly identified in advance by applying a percentage fixed ex ante.

The amounts or rates have to be based on estimates using objective data such as statistical data or any other objective means or with reference to certified or auditable historical data of the applicants or the affiliated entity(ies). The methods used to determine the amounts or rates of unit costs, lump sums or flat-rates must comply with the criteria established in Annex K, and especially ensure that the costs correspond fairly to the actual costs incurred by the beneficiary(ies) and affiliated entity(ies), are in line with their accounting practices, no profit is made and the costs are not already covered by other sources of funding (no double funding). Refer to Annex K for directions and a checklist of controls to assess the minimum necessary conditions that provide reasonable assurance for the acceptance of the proposed amounts.

Applicants proposing this form of reimbursement, must clearly indicate in worksheet no.1 of Annex B, each heading/item of eligible costs concerned by this type of financing, i.e. add the reference in capital letters to "UNIT COST" (per month/flight etc), "LUMPSUM" or "FLAT RATE" in the Unit column. (see example in Annex K)

Additionally in Annex B, in the second column of worksheet no.2, "Justification of the estimated costs" per each of the corresponding budget item or heading applicants must:

- describe the information and methods used to establish the amounts of unit costs, lump sums and/or flat-rates, to which costs they refer, etc.
- clearly explain the formulas for calculation of the final eligible amount¹²
- identify the beneficiary who will use the simplified cost option (in case of affiliated entity, specify first the beneficiary), in order to verify the maximum amount per each beneficiary (which includes if applicable simplified cost options of its affiliated entity(ies))

At contracting phase, the Contracting Authority decides whether to accept the proposed amounts or rates on the basis of the provisional budget submitted by the applicants, by analysing factual data of grants carried out by the applicants or of similar actions and by performing checks established by Annex K.

The total amount of financing on the basis of simplified cost options that can be authorised by the Contracting Authority for any of the applicants individually (including simplified cost options proposed by their own affiliated entities) cannot exceed EUR 60 000 (the indirect costs are not taken into account).

<Specify if additional conditions as foreseen in the Commission decision or basic act or fixed by the authorising officer>

Recommendations to award a grant are always subject to the condition that the checks preceding the signing of the grant contract do not reveal problems requiring changes to the budget (such as arithmetical errors, inaccuracies, unrealistic costs and ineligible costs). The checks may give rise to requests for clarification and may lead the Contracting Authority to impose modifications or reductions to address such mistakes or inaccuracies. It is not possible to increase the grant or the percentage of EU co-financing as a result of these corrections.

It is therefore in the applicants' interest to provide a **realistic and cost-effective budget**.

Eligible direct costs

To be eligible under this call for proposals, costs must comply with the provisions of Article 14 of the General Conditions to the standard grant contract (see Annex G of the guidelines).

In case the Contracting Authority has its own audit and verification system, as for instance one specific audit firm (or one out of a pool) that has been previously selected in respect of the applicable procurement rules:

[The applicants (and where applicable their affiliated entities) agree that the expenditure verification(s) referred to in Article 15.7 of the General Conditions to the standard grant contract (see Annex G of the guidelines) will be carried out by [the Contracting Authority or any external body authorised by the Contracting Authority *< name, address, telephone and fax numbers >*].

Insert if necessary for the implementation of actions under this call for proposals (and add respective provision to the Special Conditions) [Salary costs of the personnel of national administrations may be eligible to the extent that they relate to the cost of activities which the relevant public authority would not carry out if the action were not undertaken.]

¹² Examples:- for staff costs: number of hours or days of work * hourly or daily rate pre-set according to the category of personnel concerned;- for travel expenses: distance in km * pre-set cost of transport per km; number of days * daily allowance pre-set according to the country;- for specific costs arising from the organization of an event: number of participants at the event * pre-set total cost per participant etc.

If the relevant financing decision foresees the possibility to reimburse costs incurred even before the submission of grant applications (see section 6.3.8 of the Practical Guide) add here the relevant eligibility date.

Contingency reserve

The budget may include a contingency reserve not exceeding 5 % of the estimated direct eligible costs. It can only be used with the **prior written authorisation** of the Contracting Authority.

Eligible indirect costs

The indirect costs incurred in carrying out the action may be eligible for flat-rate funding, but the total must not exceed 7 % of the estimated total eligible direct costs. Indirect costs are eligible provided that they do not include costs assigned to another budget heading in the standard grant contract. The lead applicant may be asked to justify the percentage requested before the grant contract is signed. However, once the flat rate has been fixed in the Special Conditions of the grant contract, no supporting documents need to be provided.

If any of the applicants or affiliated entity(ies) is in receipt of an operating grant financed by the EU, it may not claim indirect costs on its incurred costs within the proposed budget for the action.

Contributions in kind

Contributions in kind mean the provision of goods or services to a beneficiaries or affiliated entities free of charge by a third party. As contributions in kind do not involve any expenditure for beneficiaries or affiliated entities, they are not eligible costs.

Alternative 1 (if contributions in kind are not allowed): [Contributions in kind may not be treated as co-financing]

However, if the description of the action as proposed includes contributions in kind, the contributions have to be made.]

Alternative 2 (if contributions in kind are allowed): [The Contracting Authority may accept co-financing in kind, if considered necessary or appropriate. In such cases, the value of such contributions must not exceed:

- a) either the costs actually borne and duly supported by accounting documents;
- b) or the costs generally accepted on the concerned market of reference.

Contributions involving real estate must be excluded from the calculation of the amount of co-financing. In kind contributions must comply with national tax and social security rules.

If co-financing in kind is proposed, it must be included in Annex B (Worksheet 3) to the guidelines for applicants on the expected sources of funding for the action. The same amount must be indicated in the budget (worksheet 1).]

NB. Given the difficulty of evaluating contributions in kind if accepted as co-financing, the Contracting Authority should only accept contributions in kind as co-financing in exceptional cases, subject to possible evaluation of such contributions. However, refusal of co-financing in kind for low value grants (i.e. any grant up to EUR 60.000) – if proposed but not considered appropriate or necessary - should be clearly justified

Ineligible costs

The following costs are not eligible:

- debts and debt service charges (interest);
- provisions for losses or potential future liabilities;
- costs declared by the beneficiary(ies) and financed by another action or work programme receiving a European Union (including through EDF) grant;
- purchases of land or buildings, except where necessary for the direct implementation of the action, in which case ownership must be transferred, in accordance with Article 7.5 of the General Conditions of the standard grant contract, at the latest at the end of the action;
- currency exchange losses;
- [credit to third parties.] delete if eligible under this call for proposals
- [salary costs of the personnel of national administrations]delete if eligible under this call for proposals

2.2 HOW TO APPLY AND THE PROCEDURES TO FOLLOW

To apply for this call for proposals the lead applicants need to:

- I. Provide information about the organisations involved in the action. Please note that the registration of this data in **PADOR is obligatory**¹³ for this call for proposals:

Concept note step: Registration is obligatory for lead applicants applying for EU contributions of more than EUR 60000.

Full application step: Registration is obligatory for co-applicant(s) and affiliated entity(ies). Lead applicants must make sure that their PADOR profile is up to date.

- II. Provide information about the action in the documents listed under sections 2.2.2 (concept note) and 2.2.5 (full application). Please note that online submission via **PROSPECT is obligatory** for this call,

PADOR is an on-line database in which organisations register and update information concerning their entity. Organisations registered in PADOR get a unique ID (EuropeAid ID) which they **must mention** in their application. PADOR is accessible via the website: http://ec.europa.eu/europeaid/pador_en

It is strongly recommended to register in PADOR well in advance and not to wait until the last minute before the deadline to submit your application in PROSPECT.

If it is impossible to register online in PADOR for technical reasons, the applicants and/or affiliated entity(ies) must complete the 'PADOR off-line form'¹⁴ attached to these guidelines. This form must be sent **together with the application**, by the submission deadline (see sections 2.2.2 and 2.2.5).

¹³ Natural persons who apply for a grant (if so allowed in the guidelines for applicants) do not have to register in PADOR. In this case, the information included in PROSPECT and the grant application form is sufficient.

¹⁴ Which corresponds to sections 3 and 4 of the full application form – Annex A.2.

Before starting using PADOR and PROSPECT, please read the user guides available on the website. All technical questions related the use of these systems should be addressed to the IT helpdesk at EuropeAid-IT-support@ec.europa.eu.

2.2.1 Concept note content

Applications must be submitted in accordance with the concept note instructions in the grant application form¹⁵ annexed to these guidelines (Annex A.1). Applicants must apply in <English, French, Spanish or Portuguese>. **If more than one language is required** : [Applicants must apply in the language most commonly used by the target population in the country in which the action takes place.]

Please note that:

1. In the concept note lead applicants must provide only an estimate of the **requested EU contribution**, as well as an indicative percentage of this contribution in relation to the total eligible costs of the action. A detailed budget is to be submitted only by lead applicants invited to submit a full application in the second phase
2. The elements outlined in the concept note may not be modified in the full application form. The EU contribution may not vary from the initial estimate by more than 20 %. Lead applicants are free to adapt the requested EU contribution as a percentage of the total eligible costs within the minimum and maximum amounts and percentages provided in section 1.3. Own contributions by the applicants can be replaced by other donors' contributions at any time.
3. Only the concept note form will be evaluated. It is therefore of utmost importance that this document contains **all relevant information** concerning the action. **No additional annexes should be sent.**

Any error or major discrepancy related to the concept note instructions may lead to the rejection of the concept note.

Clarifications will only be requested when information provided is not sufficient to conduct an objective assessment.

2.2.2 Where and how to send concept notes

The concept note together with the declaration by the lead applicant (Annex A.1 section 2) **must be submitted online via PROSPECT** <https://webgate.ec.europa.eu/europeaid/prospect> following the instructions given in the PROSPECT user manual.

Upon submission of a concept note online, the lead applicant will receive an automatic confirmation of receipt in its PROSPECT profile.

By default the following option to submit applications offline should be included. Delete the following section if you consider that applicants will not be prevented from submitting via PROSPECT due to technical issues in their country .

If it is impossible for lead applicants to submit their concept note online via PROSPECT for technical reasons, they must send their proposal in a sealed envelope and attach the concept note together with the

¹⁵ The grant application form consists of Annex A.1 – concept note and Annex A.2 – full application form.

declaration by the lead applicant (**Annex A.1 section 2**). In particular, the lead applicant must send, in a sealed envelope as described below the following items:

- a. One original of the concept note. The signed declaration by the lead applicant (Annex A.1 section 2) must be printed and stapled separately and enclosed in the envelope
- b. <X (in view of environmental considerations, request as few copies as possible)> additional copies in A4 size, each bound.
- c. An electronic version (e.g CD-Rom) of the items under point (a) . The electronic file must contain **exactly the same** application as the paper version enclosed.

The envelope must bear the **reference number and the title of the call for proposals**, together with [the lot number and title] the full name and address of the lead applicant, and the words 'Not to be opened before the opening session' and <'local language equivalent'>.

To reduce expense and waste, we strongly recommend that you do not use plastic folders or dividers. Please also use double-sided printing if possible.

Concept notes must be submitted in a sealed envelope by registered mail, private courier service or by hand-delivery (a signed and dated certificate of receipt will be given to the deliverer) to the address below. Where lead applicants send several concept notes (if allowed to do so by the guidelines of the call), each one must be sent separately:

Postal address

«\$call.EntityInChargeFullAddress»

Address for hand delivery or by private courier service

«\$call.EntityInChargeFullAddress»

Concept notes sent by any other means (e.g. by fax or by e-mail) or delivered to other addresses will be rejected. Hand-written concept notes will not be accepted.]

Please note that incomplete concept notes may be rejected. Lead applicants are advised to verify that their concept note is complete by using the checklist for concept note (Annex A.1, Instructions).

2.2.3 *Deadline for submission of concept notes*

The deadline for the submission of concept notes is «\$call.CNDeadline» at «\$call.CNDeadlineTime» (Brussels date and time). In order to convert this deadline to local time you can use any online time converter tool that takes into account timezones and winter/summer time changes (example available [here](#))¹⁶ **The lead applicant is strongly advised not to wait until the last day to submit** its concept note, since heavy Internet traffic or a fault with the Internet connection (including electricity failure, etc.) could lead to difficulties in submission. The Contacting Authority cannot be held responsible for any delay due to such afore-mentioned difficulties.

¹⁶ For example: <http://www.timeanddate.com/worldclock/converter.html>.

[In the exceptional case of submission by post or by hand delivery (see section 2.2.2), the date of submission is evidenced by the date of dispatch, the postmark or the date of the deposit slip. In the case of hand-deliveries, the deadline for receipt is at <X hours local time>¹⁷ as evidenced by the signed and dated receipt.]

Any concept note submitted after the deadline will be rejected.

[However, for reasons of administrative efficiency, the Contracting Authority may also reject any concept note sent in due time but received after the effective date of approval of the concept note evaluation (see indicative calendar under section 2.5.2).]

2.2.4 Further information about concept notes

[An information session on this call for proposals will be held on < date> at <X hours> <add venue if necessary>.]

Questions may be sent by e-mail [or by fax] no later than 21 days before the deadline for the submission of concept notes to the address(es) below, indicating clearly the reference of the call for proposals:

E-mail address: < xx@xx.xx>

[Fax: <number>]

The Contracting Authority has no obligation to provide clarifications to questions received after this date.

Replies will be given no later than 11 days before the deadline for submission of concept notes.

To ensure equal treatment of applicants, the contracting authority cannot give a prior opinion on the eligibility of lead applicants, co-applicants, affiliated entity(ies), an action or specific activities.

No individual replies will be given to questions. All questions and answers as well as other important notices to applicants during the course of the evaluation procedure will be published on the EuropeAid website <https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome> [and <other websites>], as appropriate. It is therefore advisable to consult the abovementioned website regularly in order to be informed of the questions and answers published.

All questions related to registration in PADOR or the online submission via PROSPECT should be addressed to the IT helpdesk at EuropeAid-IT-support@ec.europa.eu. Please note that the working languages of the IT support are: English French and Spanish. Therefore users are invited to send their questions in English, French or Spanish should they wish to benefit from an optimum response time.

2.2.5 Full applications

Lead applicants invited to submit a full application following pre-selection of their concept note must do so using the full application form annexed to these guidelines (Annex A.2).

Applications must be submitted in accordance with the full application instructions at the end of Annex A.2. Lead applicants must submit their full applications in the same language as their concept notes.

¹⁷ Please use an online time converter tool, such as the one presented in the footnote above.

Please note that:

1. The elements outlined in the concept note cannot be modified by the lead applicant in the full application form. The EU contribution may not vary from the initial estimate by more than 20 %, although lead applicants are free to adapt the percentage of co-financing required within the minimum and maximum amount and percentages of co-financing, as laid down in these guidelines under section 1.3.
2. A copy of the lead applicant's accounts of the latest financial year (the profit and loss account and the balance sheet for the last financial year for which the accounts have been closed) must be uploaded in PADOR by the full application deadline. A copy of the latest account is neither required from (if any) the co-applicant(s) nor from (if any) affiliated entity(ies)).
3. Only the full application form and the published annexes which have to be filled in (budget, logical framework) will be transmitted to the evaluators (and assessors, if used). It is therefore of utmost importance that these documents contain **ALL the relevant information** concerning the action. **No additional annexes should be sent.**

Any error or any major inconsistency related to the full application instructions (e.g. if the amounts in the budget worksheets are inconsistent) may lead to the rejection of the application.

Clarifications will only be requested when information provided is unclear and thus prevents the Contracting Authority from conducting an objective assessment.

2.2.6 Where and how to send full applications

Full application forms together with the budget, the logical framework and the declaration by the lead applicant must be submitted online via PROSPECT <https://webgate.ec.europa.eu/europeaid/prospect> following the instructions given in the users' manual.

Upon submission of the full application online, the lead applicants will receive an automatic confirmation of receipt in their PROSPECT profile.

By default the following option to submit applications offline should be included. Delete the following section if you consider that applicants will not be prevented from submitting via PROSPECT due to technical issues in their country.

(a) If the lead applicant submitted the concept note by post / hand delivery (see section 2.2.3) it must send the full application by the same means (by post or hand delivery).

(b) If the lead applicant submitted the concept note online via PROSPECT but it is technically impossible for the organisation to submit the full application online:

In the above two cases the lead applicant must send by post the application, i.e the full application form, the budget, the logical framework and the declaration by the lead applicant. The lead applicant must send, in a sealed envelope as described below, the following items:

a. One original signed copy of the full application form, the budget and the logical framework. The declaration by the lead applicant (Annex A.2, section 5) must be printed and stapled separately and enclosed in the envelope

b. <X (in view of environmental considerations, request as few copies as possible)> additional copies in A4 size, each bound.

c. An electronic version (e.g CD-Rom) of the items under point (a). The electronic file must contain exactly the same application as the paper version enclosed.

To reduce expense and waste, we strongly recommend that you use only paper for your file (no plastic folders or dividers). Please also use double-sided printing if possible

Applications must be submitted in a sealed envelope by registered mail, private courier service or by hand-delivery (a signed and dated certificate of receipt will be given to the deliverer) to the address below. Where lead applicants send several applications (if allowed to do so by the guidelines of the call), each one must be sent separately:

Postal address

«\$call.EntityInChargeFullAddress»

Address for hand delivery or by private courier service

«\$call.EntityInChargeFullAddress»

The envelope must bear the **reference number and the title of the call for proposals**, together with the number and title of the lot, the full name and address of the lead applicant, and the words 'Not to be opened before the opening session' and <'local language equivalent'>.

Applications sent by any other means (e.g. by fax or by e-mail) or delivered to other addresses will be rejected. Hand-written applications will not be accepted.]

Please note that incomplete applications may be rejected. Lead applicants are advised to verify that their application is complete using the checklist (Annex A.2, Instructions).

2.2.7 Deadline for submission of full applications

The deadline for the submission of full applications will be indicated in the letter sent to the lead applicants whose application has been pre-selected. This letter will appear online automatically in the PROSPECT profile of the lead applicant. [Lead applicants who, in exceptional cases (see section 2.2.6) had to submit their application by post or hand-delivery, will receive the letter by email or by post if no e-mail address was provided.]

Lead applicants are strongly advised not to wait until the last day to submit their full applications, since heavy Internet traffic or a fault with the Internet connection (including electricity failure, etc.) could lead to difficulties in submission. The Contacting Authority cannot be held responsible for any delay due to such afore-mentioned difficulties.

[In the case of submission by post, (see section 2.2.6), the date of submission is evidenced by the date of dispatch, the postmark or the date of the deposit slip. In the case of hand-deliveries, the deadline for receipt is at <X hours local time>¹⁸ as evidenced by the signed and dated receipt.]

Any application submitted after the deadline will be rejected.

[However, for reasons of administrative efficiency, the Contracting Authority may also reject any full application sent in due time but received after the effective date of approval of the full application evaluation (see indicative calendar under section 2.5.2)]

2.2.8 Further information about full applications

Questions may be sent by e-mail [or by fax] no later than 21 days before the deadline for the submission of full applications to the addresses listed below, indicating clearly the reference of the call for proposals:

E-mail address: <xx@xx.xx >

[Fax: < number>]

The Contracting Authority has no obligation to provide clarifications to questions received after this date.

Replies will be given no later than 11 days before the deadline for the submission of applications.

To ensure equal treatment of applicants, the Contracting Authority cannot give a prior opinion on the eligibility of lead applicants, co-applicants, affiliated entity(ies), or an action.

No individual replies will be given to questions. All questions and answers as well as other important notices to applicants during the course of the evaluation procedure, will be published on the EuropeAid website <https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome> [and <other websites>], as appropriate. It is therefore advisable to consult the abovementioned website regularly in order to be informed of the questions and answers published.

All questions related to registration in PADOR or the online submission via PROSPECT should be addressed to the IT helpdesk at EuropeAid-IT-support@ec.europa.eu. Please note that the working languages of the IT support are: English French and Spanish. Therefore users are invited to send their questions in English, French or Spanish should they wish to benefit from an optimum response time

¹⁸ Please use an online time converter tool, such as <http://www.timeanddate.com/worldclock/converter.html>.

2.3 EVALUATION AND SELECTION OF APPLICATIONS

Applications will be examined and evaluated by the Contracting Authority with the possible assistance of external assessors. All applications will be assessed according to the following steps and criteria.

If the examination of the application reveals that the proposed action does not meet the eligibility criteria stated in section 2.1, the application will be rejected on this sole basis.

STEP 1: OPENING & ADMINISTRATIVE CHECKS AND CONCEPT NOTE EVALUATION

During the opening¹⁹ and administrative check (including the eligibility check of the action) the following will be assessed:

- If the deadline has been met. Otherwise, the application will be automatically rejected.
- If the concept note satisfies all the criteria specified in the checklist in the instructions included in Annex A.1. This includes also an assessment of the eligibility of the action. If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The concept notes that pass this check will be evaluated on the relevance and design of the proposed action.

The concept notes will receive an overall score out of 50 in line with the evaluation grid below. The evaluation will also check the compliance with the instructions on how to complete the concept note (Annex A.1).

The evaluation criteria are divided into headings and subheadings. Each subheading will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

To be included where a minimum number of priorities has been established: [* Note: A score of 5 (very good) will only be allocated if the proposal specifically addresses more than the required minimum number of priorities as indicated in Section 1.2 (objectives of the programme) of these guidelines.]

**these scores are multiplied by 2 because of their importance

Concept notes with a score lower than «\$call.Grids.CNT.Threshold» will be rejected.

Concept notes that reach the above threshold will be ranked by score. The highest scoring applications will be pre-selected until the limit of <insert percentage, at least 200% > of the available budget for this call for proposals is reached.

The amount of requested contributions of each concept note will be based on the indicative financial envelopes for each lot, where relevant.

Lead applicants will receive a letter indicating the reference number of their application and the respective results. This letter will automatically appear online in the PROSPECT profile of the lead applicant. Lead applicants who, in exceptional cases (see section 2.2), had to submit their application by post or hand-delivery will receive the letter by email or by post if no e-mail address was provided.

The pre-selected lead applicants will subsequently be invited to submit full applications.

STEP 2: OPENING & ADMINISTRATIVE CHECK AND EVALUATION OF THE FULL APPLICATION

During the opening²⁰ and administrative check (including the eligibility check of the action) for full applications the following will be assessed:

- If the submission deadline has been met. Otherwise, the application will automatically be rejected.
- If the full application satisfies all the criteria specified in the checklist in Annex A.2. This includes also an assessment of the eligibility of the action. If any of the requested information is missing or is incorrect, the application may be rejected on that **sole** basis and the application will not be evaluated further.

The full applications that pass this check will be further evaluated on their quality, including the proposed budget and the capacity of the applicants and affiliated entity(ies). The evaluation criteria used are presented in the evaluation grid below. There are two types of evaluation criteria: selection and award criteria.

The selection criteria help to evaluate the applicant(s)'s and affiliated entity(ies)'s operational capacity and the lead applicant's financial capacity and are used to verify that they:

- have stable and sufficient sources of finance to maintain their activity throughout the proposed action and, where appropriate, to participate in its funding;
- have the management capacity, professional competencies and qualifications required to successfully complete the proposed action. This also applies to any affiliated entity(ies).

For the purpose of the evaluation of the financial capacity, Lead applicants must ensure that the relevant information and documents in their PADOR profile are up to date. If the information and documents in PADOR are outdated and do not allow for a proper evaluation of the financial capacity, the application may be rejected.

The award criteria help to evaluate the quality of the applications in relation to the objectives and priorities set forth in the guidelines, and to award grants to projects which maximise the overall effectiveness of the call for proposals. They help to select applications which the Contracting Authority can be confident will comply with its objectives and priorities. They cover the relevance of the action, its consistency with the objectives of the call for proposals, quality, expected impact, sustainability and cost-effectiveness.

The evaluation grid is divided into sections and subsections. Each subsection will be given a score between 1 and 5 as follows: 1 = very poor; 2 = poor; 3 = adequate; 4 = good; 5 = very good.

----------------------------	----------------------------------------------

If the total score for section 1 (financial and operational capacity) is less than 12 points, the application will be rejected. If the score for at least one of the subsections under section 1 is 1, the application will also be rejected.

After the evaluation, applications will be ranked according to their score. The highest scoring applications will be provisionally selected until the available budget for this call for proposals is reached.

In addition, a reserve list will be drawn up following the same criteria. This list will be used if more funds become available during the validity period of the reserve list.

STEP 3: VERIFICATION OF ELIGIBILITY OF THE APPLICANTS AND AFFILIATED ENTITY(IES)

The eligibility verification will be performed on the basis of the supporting documents requested by the Contracting Authority (see section 2.4). It will only be performed for the applications that have been provisionally selected according to their score and within the available budget for this call for proposals.

- The declaration by the lead applicant (section 5 of Annex A.2) will be cross-checked with the supporting documents provided by the lead applicant. Any missing supporting document or any incoherence between the declaration by the lead applicant and the supporting documents may lead to the rejection of the application on that sole basis.
- The eligibility of applicants and the affiliated entity(ies) will be verified according to the criteria set out in sections 2.1.1, 2.1.2 and 2.1.3.

Any rejected application will be replaced by the next best placed application on the reserve list that falls within the available budget for this call for proposals.

2.4 SUBMISSION OF SUPPORTING DOCUMENTS FOR PROVISIONALLY SELECTED APPLICATIONS

A lead applicant whose application has been provisionally selected or placed on the reserve list will be informed in writing by the Contracting Authority. It will be requested to supply the following documents in order to allow the Contracting Authority to verify the eligibility of the lead applicant, (if any) of the co-applicant(s) and (if any) of their affiliated entity(ies)²²:

Supporting documents must be provided through PADOR (see section 2.2)

1. The statutes or articles of association of the lead applicant, (if any) of each co-applicant and (if any) of each affiliated entity²³. Where the Contracting Authority has recognised the lead applicant's, or the co-applicant(s)'s, or their affiliated entity(ies)'s eligibility for another call for proposals under the same budget line within 2 years before the deadline for receipt of applications, it should be submitted, instead of the statutes or articles of association, a copy of the document proving their eligibility in a former call (e.g. a copy of the Special Conditions of a grant contract received during the reference period), unless a change in legal status has occurred in the meantime²⁴. This obligation does not apply to international organisations which have signed a framework agreement with the European Commission.
2. An external audit report produced by an approved auditor, certifying the lead applicant's accounts for the last financial year available where the total amount of the grant exceeds EUR 750 000 (EUR 100 000 for an operating grant). The external audit report is not required from (if any) the co-applicant(s)).

[This obligation does not apply to public bodies and international organisations provided that the international organisation in question offers the guarantees provided for in the applicable Financial Regulation, as described in chapter 6 of the Practical Guide.]

If eligible and depending on the authorising officer's risk assessment: [This obligation does not apply to secondary and higher education establishments.]

3. Legal entity sheet (see Annex D of these guidelines) duly completed and signed by each of the applicants (i.e. by the lead applicant and (if any) by each co-applicant), accompanied by the justifying documents requested there. If the applicants have already signed a contract with the Contracting Authority, instead of the legal entity sheet and supporting documents, the legal entity number may be provided, unless a change in legal status occurred in the meantime.
4. A financial identification form of the lead applicant (not from co-applicant(s)) conforming to the model attached at Annex E of these guidelines, certified by the bank to which the payments will be made. This bank should be located in the country where the lead applicant is established. If the lead applicant has already submitted a financial identification form in the past for a contract where the European Commission was in charge of the payments and intends to use the same bank account, a copy of the previous financial identification form may be provided instead.

22 No supporting document will be requested for applications for a grant not exceeding EUR 60000.

23 Where the lead applicant and/or a co-applicant(s) and or an affiliated entity(ies) is a public body created by a law, a copy of the said law must be provided.

24 To be inserted only where the eligibility conditions have not changed from one call for proposals to the other.

5. [List any other supporting documents required].

Where entities without legal personality are eligible as per section 2.1.1:

- [7. Entities without legal personality must, to the extent possible, submit the documentation listed above. In addition, a letter must be provided by the legal representative certifying his/her capacity to undertake legal obligations on behalf of the entity. <list any other documentation, as required>]

Where the requested supporting documents are not uploaded in PADOR they must be supplied in the form of originals, photocopies or scanned versions (i.e. showing legible stamps, signatures and dates) of the said originals.

Where such documents are not in one of the official languages of the European Union [or in the language of the country where the action is implemented], a translation into <the/one of the language(s) of the call for proposals > of the relevant parts of these documents proving the lead applicant's and, where applicable, co-applicants' and affiliated entity(ies)' eligibility must be attached for the purpose of analysing the application.

Where these documents are in an official language of the European Union other than <the/one of the language(s) of the call for proposals >, it is **strongly** recommended, in order to facilitate the evaluation, to provide a translation of the relevant parts of the documents, proving the lead applicants' and, where applicable, co-applicants' and affiliated entity(ies)' eligibility, into <the/one of the language(s) of the call for proposals >.

If the abovementioned supporting documents are not provided before the deadline indicated in the request for supporting documents sent to the lead applicant by the Contracting Authority, the application may be rejected.

After verifying the supporting documents, the evaluation committee will make a final recommendation to the Contracting Authority, which will decide on the award of grants.

NB : In the eventuality that the Contracting Authority is not satisfied with the strength, solidity, and guarantee offered by the structural link between one of the applicants and its affiliated entity, it can require the submission of the missing documents allowing for its conversion into co-applicant. If all the missing documents for co-applicants are submitted, and provided all necessary eligibility criteria are fulfilled, the above mentioned entity becomes a co-applicant for all purposes. The lead applicant has to submit the application form revised accordingly.

2.5 NOTIFICATION OF THE CONTRACTING AUTHORITY'S DECISION

2.5.1 Content of the decision

The lead applicants will be informed in writing of the Contracting Authority's decision concerning their application and, if rejected, the reasons for the negative decision. This letter will be sent by e-mail and will appear online automatically in the PROSPECT profile of the user who submitted the application. Lead applicants who, in exceptional cases (see section 2.2), had to submit their application by post or hand-delivery, will be informed by email or by post if they did not provide any e-mail address. Therefore, please check regularly your PROSPECT profile, taking into account the indicative timetable below.

An applicant believing that it has been harmed by an error or irregularity during the award process may lodge a complaint. See further section 2.4.15 of the Practical Guide.

2.5.2 Indicative timetable

This indicative timetable may be updated by the Contracting Authority during the procedure. In such cases, the updated timetable will be published on the EuropeAid web site

<https://webgate.ec.europa.eu/europeaid/online-services/index.cfm?do=publi.welcome> [and<other websites>].

25 Note that according to the financial regulation, in direct management, applicants must be notified the outcome of the evaluation of their applications within 6 months following the submission deadline of the full application. This time-limit may be exceeded in exceptional cases, in particular for complex actions (including multi-beneficiary calls), large number of proposals or in case of delays attributable to the applicants.

26 Note that according to the financial regulation, in direct management the grant contract must be signed within 3 months following the notification of the award decision. This time-limit may be exceeded in exceptional cases, in particular for complex actions (including multi-beneficiary calls), large number of proposals or in case of delays attributable to the applicants

2.6 CONDITIONS FOR IMPLEMENTATION AFTER THE CONTRACTING AUTHORITY'S DECISION TO AWARD A GRANT

Following the decision to award a grant, the beneficiary(ies) will be offered a contract based on the standard grant contract (see Annex G of these guidelines). By signing the application form (Annex A of these guidelines), the applicants agree, if awarded a grant, to accept the contractual conditions of the standard grant contract. Where the Coordinator is an organisation whose pillars have been positively assessed, it will sign a PA Grant Agreement based on the PAGoDA template. In this case references to provisions of the standard grant contract and its annexes shall not apply. References in these guidelines to the grant contract shall be understood as references to the relevant provisions of the PA Grant Agreement.

Implementation contracts

Where implementation of the action requires the beneficiary(ies) and its affiliated entity(ies) (if any) to award procurement contracts, those contracts must be awarded in accordance with Annex IV to the standard grant contract.

2.7 EARLY WARNING SYSTEM AND CENTRAL EXCLUSION DATABASE

The applicants and, if they are legal entities, the persons who have powers of representation, decision-making or control over them, are informed that, should they be in one of the situations mentioned in:

- Decision of (2014/792/EU) of 13 November 2014 on the Early Warning System (EWS) for the use of authorising officers of the Commission and the executive agencies (OJ, L 329, 14.11.2014, p.69) or
- Commission Regulation of 17.12.2008 on the Central Exclusion Database (CED) (OJ L344, 20.12.2008, p.12),

their personal details (name, given name (if natural person), address, legal form and name and given name of the persons with powers of representation, decision-making or control (if legal person)) may be registered in the EWS only or both in the EWS and CED, and communicated to the persons and entities listed in the above-mentioned Decision and Regulation, in relation to the award or the execution of a grant contract or decision.

FINANCIAL TOOLKIT

http://ec.europa.eu/europeaid/sites/devco/files/financial-management-toolkit-for-recipients-15112010_en.pdf

Please note: The toolkit is not part of the grant contract and has no legal value. It merely provides general guidance and may in some details differ from the signed grant contract. In order to ensure compliance with their contractual obligations beneficiaries should not exclusively rely on the toolkit but always consult their individual contract documents.
